Math 106, Spring 2025
Professor Danielle Benedetto

Homework #0
Due **Tuesday January 28th** in Gradescope by 11:59 pm ET

Homework: Complete the following before the deadline above.

- Explore the Webpage for Math 106;

  - Bookmark `https://dbenedetto.people.amherst.edu/math106/`
  - Read the Syllabus.

- Click on the Video Dropbox Link. It should take you to our shared video folder.

  - Watch the Remote *Lecture Video* on schedule this week to review Derivatives

- Find my Office soon or Drop into Office hours this week to meet me and others.

- Read Instructions for Submitting Homework in **Gradescope**.

  - Sign in to make your account in Gradescope using these instructions and the listed *Course Entry Code*. This will take some time, so please plan ahead.

- Answer the following questions. You can write them anywhere on paper or you can write them on your tablet. Scan or save the answers as a .pdf. Using the Gradescope instructions, Upload the .pdf answers into Gradescope into the Homework 0 entry. Practice *tagging* the question numbers. This is your practice run for Gradescope.

  1. Have you explored the Moodle page?   YES _____   NO _____

  2. Have you bookmarked the Main Course Page?   YES _____   NO _____

  3. Have you read the Syllabus (found on either page)?   YES _____   NO _____

  4. What are the two *Secret Code Words*?   _____

  5. The Honor Code is serious. Do you understand the expectations for Academic Honesty and the consequences of copying work?   YES _____   NO _____

  6. Do you understand that you will likely Flunk Professor Benedetto's Math 106 course if you are caught cheating in any way?   YES _____   NO _____
